

The CIMA imposed AML Officers notification deadline for existing funds is December 31st, 2018.

IS YOUR FUND PREPARED?

Investment funds and other regulated financial services institutions domiciled in the Cayman Islands are required to comply with the country's anti-money laundering framework which includes the Anti Money Laundering Regulations, 2017. All investment funds are required to have an appointed individual serve in the positions of MLRO (Money Laundering Reporting Officer), DMLRO (Deputy Money Laundering Reporting Officer) and AMLCO (Anti-Money Laundering Compliance Officer).

CIMA has advised that existing investment funds must appoint individuals in each of these positions and notify CIMA by December 31st, 2018.

If your fund, or in the case of a service provider, your client's fund has not yet appointed persons in these positions, FTS can help.
